

Departmental Research Funding

The total research funding of the Department for the six-year period 2019-2024 amounts to 3.103.040,00 €. Of this amount, 56.1% comes from national entities (both public and private), while 22%, corresponds to the funding of active national projects through European funds and initiatives. Additionally, 14.6% comes from the funding of active European projects (HORIZON, etc.), while the remaining 7.3% corresponds to funding from international companies and organizations (2.4%) and self-funding (4.9%).
